Subject: Possum Point - Ind WW Permit
Sent via: Info Exchange
Expiration Date: 8/12/2015
Remarks: Kenneth,

An updated VPDES Industrial WW Permit Modification Package is enclosed, and supersedes the previous one submitted on Monday, July 27. This was edited to be consistent with a few items in the Conceptual Engineer's Report, which is now included.

Please note that while there have been some discussions regarding the option to filter the Pond D Comingled Water and store it in Pond E (after the ash is removed from Pond E), these details can be incorporated once they are finalized. We may want to discuss this when you are available.

Sincerely,
Scott Quinlan
